

UPASANA COLLEGE OF PHARMACY

UNDER THE AEGIS OF CHATTA BEGUM ROKEYA EDUCATIONAL SOCIETY

Affiliated to SMFWB & Recognized by PCI

RUNNING COURSE DIPLOMA IN PHARMACY (D PHARM)

A TWO YEAR FULL TIME COURSE

Introduction

Upasana College of Pharmacy, a unit of Chatta Begum Rokeya Educational Society (CBRES), is dedicated to providing quality pharmaceutical education and promoting community health. Located at Khana Jn. Road, Purba Bardhaman, the college operates under a society committed to social and economic upliftment across West Bengal. With a focus on academic excellence, practical training, and ethical values, the institution aims to develop skilled pharmacy professionals to serve both rural and urban healthcare needs effectively.

Vision

To contribute to the betterment of society by nurturing skilled pharmacy professionals committed to improving healthcare and promoting socio-economic development through education, research, and community service.

Mission

To empower diverse communities, especially the underserved, by advancing pharmaceutical education and healthcare services aimed at improving health, nutrition, education, livelihood, and women's empowerment.

Empowering Future Pharmacists,
Advancing Healthcare

WHY CHOOSE UPASANA COLLEGE OF PHARMACY?

- Established by a Reputed Non-Profit Society
- Modern Infrastructure
- Experienced Faculty
- Industry-Relevant Curriculum
- Focus on Community Health
- Skill Development Opportunities
- Student-Centric Environment
- Strategic Location
- Commitment to Socio-Economic Upliftment

THE INSTITUTE

Upasana College of Pharmacy in West Bengal is dedicated to providing quality pharmaceutical education. With modern labs, a well-stocked library, and experienced faculty, the college fosters a learner-focused environment. Approved by the Pharmacy Council of India (PCI Code: 8451), UCP aims to develop skilled pharmacy professionals committed to advancing healthcare, research, and community service.

COURSE OVERVIEW

The Diploma in Pharmacy (D Pharm) programme is designed to provide students with professional knowledge in the field of medicine manufacturing, dosages and side effects. The course specialisation will equip our candidates for the trending pharma industry demands. Intensive lab-based training, industry visits, pre-placement training support and placement drives help our students secure lucrative jobs by the end of the course. Students seeking a short-term professional skill enhancement course can apply for the Diploma in Pharmacy programme.

ELIGIBILITY

Marks or equivalent grade in '10+2' board examination with Physics, Chemistry, Biology or Mathematics, with pass marks in both theory and practical for each subject & pass marks in English.
